Signs, big and small, on council agenda

Signs of all sizes and description were on the agenda of the January 14 meeting of Anson, Hindon and Minden Township council.

First on the list were the

signs located on Highway 35 which indicate the turns of Minden. Councillor Ed Pergolas noted that the present sign at the south entrance indicates, in large letters, "Bobcaygeon Road North"

with the notation underneath, in smaller letters, "Minden". Pergolas suggested that the signs could be changed to place more emphasis on "Minden" and indicate the turn leads to the community's

business district. Pergolas told the meeting the community is "Poorly signed" and this would be one way of ensuring people know where Minden is located. He said the present sign causes some

confusion among motorists who may turn trying to reach Bobcaygeon.

The council agreed to take the matter to the Ministry of Transportation and Communications for consideration.

Pergolas also suggested that more signs could be erected in town to direct drivers to the two municipal parking areas. He said the lots at the municipal building and behind Northland Sales were poorly identified and that larger signs should be used to indicate their location.

The councillor also suggested that the business signs which now dot the utility pole at the bridge and other locations be removed. He suggested that a ban on such signs be imposed as they detract from the appearance of the community. He suggested that if the merchants feel the signs were serving a purpose that the municipality be responsible for erecting standard "finger signs" and that a charge be made for those whose names appear on the signs.

Later in the meeting Pergolas also suggested that a by-law be passed banning poster type signs from utility poles. He noted these posters are unsightly and are often left in place long after the event has occurred.

It was pointed out that Ontario Hydro, which owns the poles, has a regulation forbidding the use of the poles for posters or signs. The meeting was told that from time to time a plea is made to have those erecting the poster stop from doing so, but the appeal is ignored. Hydro personnel are concerned about the danger posed to linemen from staples and nails stuck into poles.

Banners

On signs of a larger size, Pergolas suggested the township consider erecting poles on the bridge so banners can be strung across there, advertising various community events. He noted that the banners cannot be used on the Hydro poles anymore because of the strain these created on the poles. It was pointed out that this was the reason the Christmas lights were not strung across the village streets this past season.

The council agreed to examine the possibility of erecting the poles on the bridge for the banners.

Rural advertising

The council has also agreed to reconsider restrictions on signs in the rural districts of the township. At the moment

(more on page 2)

Smitty the Clown finds a friend in the audience as he shakes hands with Misty Bennett prior to the start of the Flying Fathers hockey game. Played Wednesday at the Minden arena, the event proved to be an entertaining evening of hockey and hi-jinks. For more photographs please turn to page 5.

Weather works against early library opening

It could be well into spring before the new library-cultural centre is likely to be officially opened.

The delay is due in part to the work needed to finish the interior and the fact more time will be needed before the logs can be sealed against the outside elements.

These factors were brought to light Wednesday at the regular meeting of Anson, Hindon and Minden Township council. Builder of the new structure, Ron Wrightman, was on hand to offer explanations for some of

the building's current shortcomings.

The council expressed concern that at a number of corners the logs do not appear to fit tightly. Frost was apparently building up on the inside of the building where these cracks allowed the cold air to enter. Reeve Lloyd Walker also noted the bottom log near the front door appears to have lifted. In other areas around the base, water has been leaking in under the bottom log.

The Reeve also noted that the space under the front door

was one quarter of an inch or greater, again allowing heat to escape.

Wrightman told the council that when the building was erected this fall, rain and snow had been falling. This had made it difficult for the contractor to establish a proper seal between the cement slab and the bottom log. Wrightman said there was no fear that the bottom log would be damaged by the leaking water as it had been specially treated. He told the council he could seal the bottom logs from the inside but that this would only trap the water, perhaps causing more problems. He said he would have to wait until warm spring weather to ensure it is warm enough for the sealant to bond both to the log and cement pad.

He also told the council that the copper flashing will be installed around the exterior base log once the weather conditions are better.

He said the same problem exists with the cracks at the corners and suggested that warm weather will be required before the building could be sealed properly.

Wrightman said the building will require a

(more on page 3)

No charge for water from tap

There will be no charge for water from the municipal tap located at the firehall.

The Anson, Hindon and Minden Township council made that decision Wednesday when it passed a resolution which would transfer \$400 from the general account to the water system to cover the cost of the water consumed through the tap.

A suggestion, brought forward by Minden Fire Brigade chief Deac Jackson, had proposed that a device be attached to the top and that users be required to insert a coin for a certain quantity of water. The matter was discussed at the December 10 meeting of the council.

By contrast, there was no discussion when the motion was presented at the January 14 meeting. It appeared obvious that the councillors had discussed the matter privately prior to the meeting and the \$400 figure had been agreed to.

Constable Gary Chapman of the Minden OPP examines a battered safe which was removed from the Bernstein Store in Haliburton Village last month. The heavy safe was found along a roadside near Richmond Hill several weeks ago. The approximately \$3000 in cash and quantity of Wintario tickets were not found with the safe. The investigation is continuing.

FROM THE CHAMBER

By Bob Stinson

It's certainly not necessary to tell our readers here that we are in the midst of our best winter in recent memory for snow conditions relative to skiing and snowmobiling. It has been marred only by extreme temperatures which have made our visitors somewhat uncomfortable and created problems with their vehicles. It is always interesting to note at this time of year how fortunate we are that we do not experience some of the extreme storms that we hear of in neighbouring areas.

Many activities are ambitiously being planned for this winter by a host of hard-working volunteers who certainly deserve our thanks and appreciation. Many additional visitors are drawn to the Highlands, in this, our other tourist season, as a result of many of these events and winter business should continue to grow and prosper if quality attractions are offered on an ongoing basis.

With several hockey tournaments and the Skyline Curling Bonspiel behind us, the next major event is the Minden Winter Carnival, January 30, 31 and February 1 are the dates and as usual a Carnival Queen will be chosen, a huge parade is anticipated and dances, broomball and hockey competitions will be features.

This year the car races on ice will move to South Lake where an exceptional track is being prepared. At the fairgrounds snowmobile racing will be run on an oval track. On Saturday the ladies at Carnarvon United Church will once again put on their famous roast beef carnival dinner at the Church from 5:00 p.m. to 7:30 p.m. Charge for the full course meal is only \$6.00 for adults, \$3.00 for children under 12 and preschoolers are free.

On February 7 Whipper Watson's Snowarama will get underway from both Minden and Haliburton. This event is sponsored locally by the two Rotary Clubs and it's not too early to be collecting pledges for the 100 km ride in aid of crippled children. This event is being held on a Saturday here for the first time in hopes that will increase the participation...join them.

The following weekend, February 13, 14 and 15 the Lake Kashagawigamog Atom Hockey Tournament gets underway with 16 teams of 10 year olds competing for four championships in two divisions. This is the third Tournament this winter that the Tourist Association along with Haliburton Minor Hockey will be putting on. We understand they are presently looking for families to billet

players and we can tell you from experience you should try it - you'll like it!

Also on February 14 Gooderham Recreation are running their second annual "Stump Jumpers Snowmobile Rally" with a good day's run and a dance to wind up the day.

February 20, 21 and 22 brings us to the Haliburton Winter Carnival and once again the parade, bed races, Carnival Queen contest and the big Carnival Ball will be features. The ice sculpture contest, torch light snowmobile parade and a ski tour are also popular aspects of the week-end.

The Guild of Fine Arts will be running their Carnival Exhibition and sale right through from Carnival weekend to the following weekend at the Rails' End Gallery. Whether you're buying or browsing it's worth a trip to the gallery to view the many fine crafts created by our talented people.

Another Ski tour is taking place in the vicinity of Elephant Lake in Harcourt on March 7. This "Kin Ski Tour" is sponsored by the South Algonquin Kinsmen Club and is also planned as an annual event on their new cross country trails.

If you're not all skied out you may still have enough energy left for a Fun Ski Day at Haliburton Forest & Wildlife Reserve sponsored by the management on March 14th. After that you can start Thinking Spring!

The events listed are the ones we are aware of. If you have one that we missed please let us know. We can't publicize it if we don't know about it.

Sleigh rides

Our appeal several weeks ago for anyone offering sleigh rides brought a single response. Murray Walker on Kushog Lake can handle rides in either a cutter (for 2) or a small sleigh which would accommodate 6 or 7 adults or 4 adults with 6 small children. For more information you may phone Murray at 489-2367.

We would still appreciate hearing from anyone who is able to handle larger parties.

Signs

(from page one)

businesses operating in the rural areas are permitted one sign, two square feet in area, attached to the front of the home. This restriction has proven impractical because of the small size of the signs and the distance some businesses are from the road.

By-law enforcement officer Dick Schell suggested that

New owners at Sears office

There are some new faces behind the counter at the local Simpson Sears office.

Early this year the local outlet was sold by John and Ina Hobbs to Wally and Joan Bunn. The official change-over took place January 7.

In addition to continuing the order office service, the Bunn's intend to extend the hours of the billiard hall which is part of the same building. The pool room will be open nights during the week and to 10 p.m. on week-ends. The three table hall will also be open on holidays.

The hours for the order office will remain similar to those of the previous owners with the office closed on Monday and closing at 5:30 p.m. during the remainder of the week.

At the moment the interior of the building is undergoing some renovations with the

order counter being moved and the storage area for incoming goods being increased slightly.

"We are looking forward to serving the public," Wally commented.

Wally feels the pool hall provides a service to the youth of the community, giving them a place to go rather than just 'hanging around' on the streets.

Wally is a native of Toronto who moved to the Carnarvon area with his parents some 15 years ago. He graduated from Haliburton Highlands Secondary School and is a draftsman by trade. He was previously employed at the Walker Lumber Store at the junction of Highways 35 and 121.

Wally and his wife Joan (Walker) have four children, two of whom are attending school.

Wally Bunn, left, with his wife Joan, is the new owner of the Sears franchise in Minden. The change in ownership took place earlier this month.

Society wants to purchase building

The Minden Agricultural Society is interested in turning the cement block building beside the old curling club into public washrooms, according to the group's

president Jerry Pillsworth.

Appearing before Anson, Hindon and Minden Township council January 14, Pillsworth told the councillors his group would be willing

to make a bid on the structure, but they were uncertain as to the status of the building. The structure was used to house the ice making equipment, which has since been moved to the new curling club.

Pillsworth said the society would be willing to purchase the building, but is unwilling to match the request made by the curling club for \$1500. He said the society would "donate" \$500 to the club for the building.

Pillsworth said the group estimated it would cost \$6000 to build a block structure of that size.

Members of council agreed that permanent indoor toilet facilities on the fairground would be an asset to the area.

The meeting was told that while the block structure is resting on municipal land, it belongs to the curling club. It was also pointed out that the

municipality owns the old curling club and has turned control of the building over to the Agricultural Society.

The president of the society noted that during the summer months the lawn bowling club makes use of the old building. The fair also uses the structure for exhibits. Pillsworth suggested that if the lawn bowling club decided to move to the new curling club, where four games could be played at once instead of two, the Agricultural Society might consider holding auction sales or flea markets in the building. The old curling club cannot be used during the winter months since Ministry of Labour officials declared the building unsafe with the snow load several years ago.

The council gave the agricultural society permission to make an offer to purchase on the building.

Trustees address parents' meeting

Approximately 20 parents were on hand for a meeting held Thursday evening at Archie Stouffer Elementary School. The gathering was the

first of a series organized for parents of students at the school. The meeting at the local school followed an initial meeting in October in

Haliburton at which parents from all parts of the county were invited to discuss their concerns about education.

The Thursday evening gathering was addressed by Anson, Hindon and Minden Board of Education represen-

tatives Lloyd Johnson and Don Booth. The trustees answered questions about the various activities of the board, the committee structure, financing of the school system and the responsibilities of the board members. The trustees did an excellent job and fielded some very pointed questions from the audience.

This was the first meeting in a series which will be held to establish a home and school association for the Minden School. The group hopes to be able to establish closer ties between the parents and teachers, to gain information about all facets of education and create a mechanism whereby the parents can have input into the education of their children.

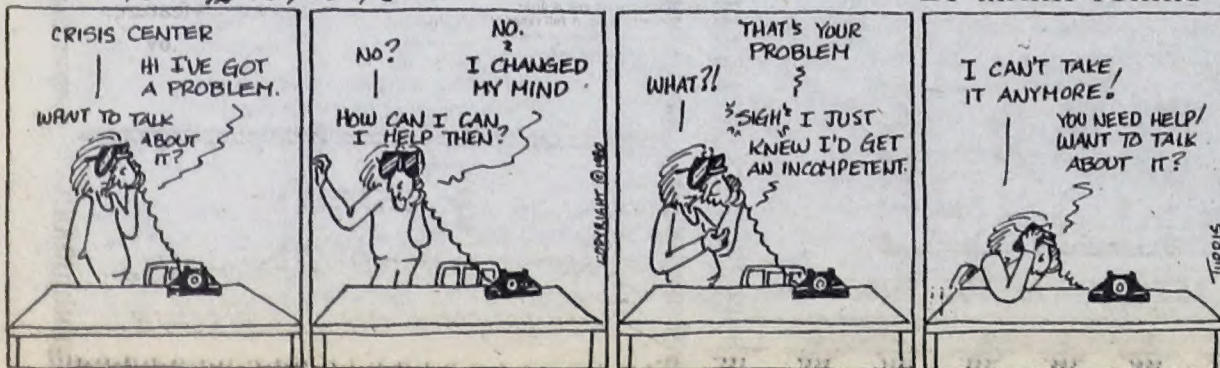

The next meeting is scheduled for February. Stuart Baker, principal of Archie Stouffer Elementary School, will be the guest speaker. It is also expected that an executive will be chosen at the meeting.

It is also hoped representatives from the Ontario Home and School Association, and the Ministry of Education will be on hand at subsequent meetings to address the parents.

signs be permitted up to 20 square feet in area with a limit of two per lot. It was also suggested that an application be required and fee charged before a sign could be erected to enable the township to control the placement of these signs. It was noted during the discussion that the restrictions refer only to signs in the areas zoned rural.

Lutterworth council upset over delay in allowance closing

Members of the Lutterworth Township council were obviously upset Thursday evening when they learned of further delays on the part of the provincial government in approving the closure of a portion of township shore allowance. The councillors described the delays as "very upsetting, a kick in the teeth" and "hypocritical".

The closing involves a request, approved by the township and county councils, last year, to permit a cottager on Moore Lake to purchase the land under his cottage and a strip one foot wide around the perimeter of the building. The cottage is owned by Chris Wahlroth.

The cottage is situated on a 66 foot shore allowance and has been in place for many years. The request for title to the land under the cottage, the

second by the owner, was made in order to clarify any question as to ownership and to facilitate insurance coverage. According to the council, the cottage is located in an isolated location and transferring a portion of the shore allowance to the owner would not affect public access to the lake.

The township's clerk-treasurer, Wayne Hughes said he was informed by Ministry

of Housing officials that they were reluctant to approve the closing of the allowance as suggested, but would be willing to expedite the closing of the entire 66 foot shore allowance if the owner wanted to re-apply. Hughes told the meeting that the Housing officials were concerned that the cottage owner would not have title to the land separating his cottage from the land back of the 66 foot allowance, which he also owns.

The clerk said he had received a positive indication from the Housing personnel several weeks ago as to the outcome of the case. "They now seem to have reversed their position," he commented.

The meeting was also told that the case had been the subject of a number of delays in the past as Ministry of Housing officials sought more information from the township and the local health unit.

Deputy Reeve Glynne Lewis, who was chairing the meeting in Reeve Ron Gambell's absence, noted that this was the second time the property owner had approached the provincial government about purchasing the property under his cottage. Lewis said the initial attempt was refused, after it had reached the Lieutenant Governor's office for approval, because of a minor technical error.

Lewis pointed out that the property owner had gone to a great deal of expense for both applications and that the council had spent a lot of time processing the application.

Councillor Bill Valentine suggested the council respond with a letter to the Ministry of Housing officials and let the Minister of Housing and Victoria-Haliburton MPP John Eakins know of their concern over the delay. "John Eakins and anyone else who can help with this case should be contacted," Valentine stated.

Hughes told the meeting that his suggestion to the officials that they approve this initial application to give them time for the property owner to prepare an application to close the entire shore allowance, met with little positive response.

The council will continue to press the Ministry of Housing officials for a favourable response to application.

Collision: woman injured

A Wilberforce area driver was taken to Peterborough Civic Hospital early Monday morning (January 12) following a two car accident on Highway 519 near Lochlin.

Linda Gayle Forbes of Wilberforce suffered a broken wrist and ankle in the collision.

Forbes was following a car driven by Gregory Arnold Coumbs of Bobcaygeon when her vehicle struck the rear of the Coumbs' car. Damage to both cars was estimated at \$1,000 each.

Forbes has been charged with following to close and failing to wear a seatbelt.

The accident was investigated by Constable Terry Brown.

Constable Mike Smith, is continuing.

Theft investigation

Police are continuing to investigate the theft of a tent from a utility pole on the Horseshoe Lake Road. The theft occurred sometime between January 9 and 14.

The tent is used by Bell Canada workers to shield them from the elements as they work on the lines. The property is valued at \$350.

The investigation, under

Periscope please

The community services officer with the local detachment of the OPP, Gary Chapman, reminds drivers to be extremely careful when entering main thoroughfares from side roads or private driveways. High snow banks along the sides of these roads have greatly reduced the line of vision for drivers and so extra care is required.

Councils back county stand

Haliburton County Council is gathering its resources for a presentation to the authorities at Queen's Park.

The council intends to send a delegation to Toronto to urge the authorities to increase the number of constables at the local detachment. A resolution to that effect was passed at the December meeting of the council.

During the past month municipal councils throughout the county have been adding their voices of support to the suggestion. Both Anson, Hindon and Minden Township and Lutterworth Township have endorsed the resolution backing the stand taken at the county level. To

add more weight to the resolution, each member of the municipal council is being requested to sign the resolution.

Other townships in the county have likely endorsed the suggestion as well.

The motion calls for increased manpower, with six more men being suggested for the detachment, in order to help combat the number of break-ins taking place. The resolution specifically calls for "adequate funding to provide the protection necessary for the county."

County council is expected to prepare its presentation for the provincial officials during its regular monthly meeting this morning.

Library

(from page one)

thorough airing daily to help remove the moisture from the logs and the cement slab. He said there is not enough heat in the building at this time to effectively draw out the moisture. He cautioned against laying carpet or tile in the building until the cement slab has unfrozen and the moisture trapped in it has been allowed to escape. "We don't want to get the building sealed tight until the humidity is cleared out," he commented "and that could take a month of normal heating temperatures."

Commenting on the space under the front door the contractor said that due to a sag in the pad, the door had to be hung high so it would open fully. He also noted that hardware for the door is the municipality's responsibility.

Reeve Lloyd Walker agreed with the contractor that the work should be done correctly to ensure it would not have to be done again. He said that if it meant they would wait, the council should not rush the work.

Ashes to the side please

Municipal officials believe that a number of recent fires at the dump north of town have been the result of hot stove ashes.

A request has been made to have all ashes placed to the side where they can be allowed to cool, rather than being dumped over the face of the dump where flammable garbage is located.

Editorial

Open the doors

We hope the new Anson, Hindon and Minden Township council is not setting a precedent that may come back to haunt it in the next 22 months.

On two occasions when the council met January 14 the public was asked to leave the meeting room so certain matters could be discussed in secret. In the first instance, Don Glashan of the Huntsville office of the Ministry of Transportation and Communications (MTC), was on hand apparently to discuss, in closed session with the councillors, "1981 road programs". That is what the agenda indicated, in any event.

The second time the public was forced out of the chamber came at the end of the day-long meeting. There was some reference made to the road program for this year and the discussion which followed behind closed doors apparently was an extension of what had been considered earlier in the day with the MTC official.

The minutes of the meeting showed that when the council emerged from the closed session the following resolution was passed, "Be it resolved that the Clerk-Treasurer be directed to contact MTC regarding our municipal streets."

There are many problems with "our municipal streets" some of which are very important and about which many individuals are seriously concerned. Some of the problems stem from the installation of water and sewer services a number of years ago and the municipal council last year took the dramatic step of bringing a suit against the Ministry of the Environment for the mess.

Elsewhere in the village and the townships, problems exist as well. Is it these matters which the council talked about when the public was shut out? Is pressure being brought to bear on the council to withdraw the legal action? Perhaps the provincial government is planning to repave and fix all the streets in the township free of charge?

Whatever the case, the voters who elected these councillors to represent them will never know. It is difficult to be an aware and concerned citizen when the business of the municipality is taken behind closed doors to be transacted.

We agree there are times and subjects which require secrecy, matters such as personnel problems or the acquisition of property. However, these items are generally few and far between.

The representatives have a responsibility to those who elected them to carry on the municipality's business in a prudent and careful manner and in such a way that those they represent are aware exactly of what is being done in their name.

We believe the council owes the public the courtesy of an explanation whenever it decides to bar them from a meeting. Indeed, any suggestion that the council adjourn to a closed session should be viewed with suspicion until it could be shown that the best interests of the community as a whole are being served by the action.

Horseshoe Falls.

REPORT FROM QUEEN'S PARK

By John Eakins, M.P.P.

The report of the Ontario Royal Commission appointed to investigate abuses in the disclosure of personal health records was released at the end of last year. After nearly three years of enquiry, Mr. Justice Horace Krever of the Ontario Supreme Court proposed some 170 legislative changes aimed at enhancing the confidentiality of health records while legalizing certain forms of disclosure.

Terms of reference of the commission, established in December 1977, called for a review of pertinent legislation to ascertain whether confidentiality of patients' records was being properly protected, and an investigation into any improper activities or violations of the laws.

The commission's report confirmed the existence of widespread abuses, but

advised against prosecution of offenders, suggesting the real fault lies with the system. Judge Krever said that his review of 77 statutes and regulations showed "no consistent treatment or coherent policy regarding the confidentiality of health information", that he had found little in the way of restrictions on access to health records except, ironically, for the patients themselves.

"In Ontario, patients have very limited rights of access to health information about themselves. Only six statutes and regulations expressly confer such rights, and the information to which access is granted is restricted in scope."

The Krever Report proposes that patients be given a qualified right of access to their own health records and a means of having

errors in those records corrected. A provincially appointed health commissioner could hear appeals for denial of such access on grounds it would harm the patient, and would also hear appeals against refusals to correct patients' records. Confidentiality could be protected by a host of new laws and rules to be followed by hospitals, government agencies, health-care personnel, employers and others who possess health records.

Recognizing that conflicts may develop between the needs for privacy and public protection, the report does not actually ban disclosure. "There will be seen throughout the eternal conflict between the obligation to, and the rights of, patients and the public's need for, or interest in, protection."

Only one sanction is proposed for breaches of confidentiality, and that is resort to the courts in the form of a lawsuit. The report recommends that any patient

whose health information has been disclosed be given the right to sue for a minimum of \$10,000 both the person "who unjustifiably discloses" the information and anyone who induced that person to make the disclosure.

The main innovation would be the \$10,000 minimum and the absence of a time limit for launching the lawsuit. At present, a suit for breach of a provincial statute is limited to actual damages suffered, and must be initiated within six months.

Appointments

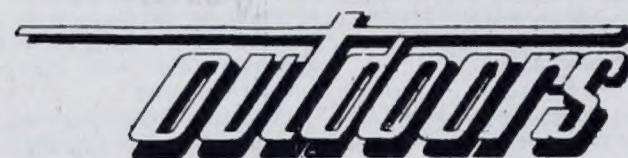

Anson, Hindon and Minden Township council made a number of appointments to various boards during the January 14 meeting. The following citizens were named to serve:

-Fred Chapple was appointed Fire Warden for the Carnarvon area.

-John Cooper was appointed to the Minden Recreation Committee as a representative from the Ingoldsby area.

-Aileen Blears, Wendy Perry, Howard Clyde, Mervin Bunker and Laura Kirkwood were appointed to the Museum Committee.

-Gino Ziorjen, Margot Ziorjen, Donna Monk, Jean Cox, Harold Morgan and Dr. Agnes Jamieson were appointed to the municipality's Art Gallery Committee.

by Ron Reid of the Federation of Ontario Naturalists

Yet another morning of snapping cold; it's hard to believe that for some birds the farmland and woodlots of southern Ontario are considered a moderate southern clime for their wintering grounds. Several of our native hawks fall into this category. On a hurried drive past the Toronto airport, a good winter day will reveal up to a dozen of these stately birds of prey, usually perched motionless on a tree or post.

These "airport birds" are mostly red-tailed and rough-legged hawks, both from a family of large, broad-winged hawks known as the Buteos. The red-tail is easy to spot, since its upper tail feathers are a striking rufous colour that often shows in flight. On a perch, the large size of the red-tail, with a whitish chest and contrasting dark belly-band, is diagnostic.

A rough-legged hawk, as the name suggests, has dense feathers around the legs, right down to the toes, but this feature is hard to distinguish at a distance. Rough-legs come in two colour phases.

The pale phase shows light undersides with dark elbow patches and often a dark patch on the belly, and with a broad white band on the top of the tail. The dark phase is almost completely blackish, with white showing only under the wings. But in either case, a rough-leg identification can be helped by its characteristic habit of "hovering" in one spot above a pasture to seek out its favourite prey of mice and moles.

Unlike the red-tailed hawk, which breeds across much of Canada, rough-legs nest only in the Arctic. Both species seem to be attracted to Toronto's urban fringe by the mosaic of abandoned fields, where long unkempt grass provides ideal mouse country. Perhaps in this area there is a little less snow, as the city's heat moderates the local climate slightly.

In any case, both these hawks and all other birds of prey are protected by law in recognition of their valuable role in controlling pests and their contribution to the balance of nature.

Coming up

This billboard of coming events is provided as a public service by The Times.

Wednesday-January 21 - The Times Adult Skating Party, Minden Arena, 7-8:30 p.m.

Sunday-January 25 - Family Skating Party sponsored by The Times. 2-4 p.m. Minden Arena.

Wednesday, January 28: Annual Kinmount and District Horticultural Society pot luck supper at 6 p.m. Bring your own dishes.

Every Thursday: Public skating sponsored by Minden Nursery Play, from 2 - 3 p.m. .75¢ at Minden Arena.

Saturday January 31 - Hearty soup and sandwich lunch. St. Paul's Anglican Church. Sponsored by Minden Scouting Group. 11 a.m. - 2 p.m. Everyone welcome!

Sunday February 1 - Annual Figure Skating Club Pancake Breakfast in Minden Community Centre, 9 to 11:30 a.m.

Nonprofit organizations are invited to use this column to keep the community informed of their activities. Please supply complete information of your activity well in advance of the publication day.

Flying Fathers keep crowd in stitches

It was 'horsing around', pie in the eye entertainment Wednesday evening as the Flying Fathers invaded the Minden arena to challenge a local team. Players, referees, members of the audience and even the arena staff were included in the action. These photos offer a small sampling of the good time enjoyed by everyone.

Snowdon supporters plan dance

The newly formed group "Snowdon Supporters" held their monthly meeting on Monday evening January 12, 1981.

This group was formed to develop opportunities, and to create an atmosphere of support for the people within the community.

The group's pilot project was to develop cross country ski trails with the assistance of the Winter Works Program.

The grant was received and work commenced on the trails January 12. It is anticipated that these trails will bring enjoyment to the citizens of the township and prove to be an attraction to tourists.

A Snowdon Township map will be available shortly indicating ski trail locations and other points of interest.

Another project underway is a Valentine Dance to be held February 14 at the Gelert Gardens Restaurant. A limited number of tickets are

available at Lochlin Store, Gelert Gardens, and Fred Simmons in Irondale. Proceeds from this dance will be distributed throughout the township for the improve-

ment of our community.

Everyone is invited to attend our next meeting, which will be held at Gelert Community Centre, Monday, February 16 at 7:30 p.m.

Tax clinic for seniors

An income tax clinic for Senior Citizens is being planned for Thursday, February 6, at the Legion Hall in Haliburton Village.

The tax experts at the clinic will answer questions and help seniors with problems they may be having with the forms. The experts will also ensure the senior citizens are taking full advantage of the deductions which are available to them.

The clinic is being sponsored by the Haliburton County Home Support Services. For more information seniors can

call 457-1752.

According to a spokesperson for the organization, there are also plans to have experts in tax form preparation located in various communities in the county to assist seniors with filling out the

forms. Who these people are and how one might get in touch with them, has yet to be decided. Once they are available an announcement will be made.

The clinic at the Legion will be open from 9:30 a.m. to noon.

PUCK TALK

Tyke

Playing in Minden January 17 the local Tykes were downed by their counterparts from Fenelon Falls. The final score was 2-1 for the visitors.

The lone goal for the Minden team came from Justin Gentle.

Novice

In a close game in Fenelon Falls Thursday, the Minden Novice team was defeated 3-2. Robbie Ackerblade and Randy Bull scored for Minden with assists being awarded to Kent Taylor on both tallies.

Saturday afternoon the Novice team was shut-out by Bobcaygeon in a game played at the local arena. The visitors managed three goals against the home team.

Atom

The Minden Atoms tried hard in the final frame Saturday afternoon but were unable to beat back the lead established by their Fenelon Falls counterparts. The final score of the game was Fenelon 4, Minden 3.

The first goal of the game came at the 53 second mark as Scott Russell scored on an unassisted effort. It wasn't until the third period, after Fenelon had established a two goal lead, that Minden scored again. Jeff Francis connected at the 54 second mark on a pass from Greg Stamp and Scott Russell. Fenelon scored again before Derek Allison tallied for Minden at 5:33. That being the final goal of the game, the local team had to be satisfied with the 4-3 loss.

Pee Wee

The local Pee Wees took it on the chin twice in the past week, both times at the hands of Fenelon Falls.

The Pee Wees were defeated in Fenelon Thursday evening by a 2-0 margin, and Saturday afternoon in Minden 9-1. The lone marker for the Minden team was scored by Glenn Hall with the assist going to Tom MacLeod.

Bantam

The Minden and Haliburton Bantam teams battled to a 3-3 tie in an exciting hockey game Saturday at the Minden arena. The game saw both goaltenders make spectacular saves and players from both sides playing an excellent brand of hockey.

Haliburton opened the scoring at the 4:15 mark of the first period when Brent Ashton tallied from Kevin Warburton. Jeff Howe responded for Minden with the assists being credited to Jeff Stamp and John Dillon. Before the period ended, Haliburton once again took the lead with Bernie Upton scoring on a pass from Chris Laporte.

Minden scored the only marker in the second period with Jeff (Boomer) Stamp scoring on a pass from Ron MacLeod and Doug Schell. It was a power play effort.

In the final frame Stamp connected again with the assists going to John Dillon and Greg Newell. However, Haliburton was able to even the tally at the 12:23 mark when Brett Ashton scored

again. The assist went to Bernie Upton.

Minden was assessed 18 minutes in penalties while the visitors picked up 16 in the cooler.

Steven Dodd was in the net for Haliburton while Scott Hamilton was the Minden goalie.

Midget

The Minden Midgets claimed one of the few victories this past week in Minden minor hockey play as they defeated Bobcaygeon Saturday 5-4. The game was played in Minden.

Andrew Shapiera scored for the Midgets while singles went to Andy Pristol, Ivan Ingram and Bob Edge. Pristol drew assists from Andrew Shapiera and Eldon Bull. Bull also assisted on a Shapiera goal and the Edge tally. Other assists came from Greg Austin, Rob MacLeod and Wade Barry.

Juvenile

It was a week of disappointments for the Minden Juveniles. In a game scheduled for Friday night, the Omeme team failed to show and officials awarded the contest to the Minden squad.

Saturday, the Juveniles were scheduled to travel to Oakwood for a game but team officials in that community called and cancelled the contest.

And finally, in the only game of the week they did get to play, the Minden Juveniles lost to Bobcaygeon 7-2.

The schedule

Friday, January 23: 8 p.m. - Oakwood Juveniles at Minden.

Saturday, January 24: 1 p.m. - Lakefield Tykes at Minden.

2 p.m. - Ops Novice at Minden.

3 p.m. - Beaverton Atoms at Minden.

4 p.m. - Beaverton Pee Wees at Minden.

5:30 p.m. - Fenelon Falls Midgets at Minden.

Rec. league scores

This is the second last week of action in the Men's Recreational Hockey League and two close games were played Monday night.

In the first contest Rockcliffe Hotel downed Hall's Insurance 7-6. The winning goal came with just four seconds left to play.

The second game saw Hartwick Construction defeat Home Hardware 7-5.

Correction

There were several errors in our report of the Atom tournament in last week's edition of the newspaper. The championship team from Woodville received the Larry Reynolds Memorial Trophy donated by Lois and Mervin Barry. The team members also received gold medallions. Runners-up in the championship game received gold medals donated by Frontier Motors. Also, the presentation of the Consolation Championship trophy to the Minden team was done by Nancy Walker.

County committees ready for 1981

Haliburton County Council standing committees for 1981 were chosen at the initial meeting of the new council in mid-December. In most cases the appointments will be for 1981, with the possibility of new members being selected at the beginning of the 1982 term.

Among the committees filled by the council:

Budget committee: Stanhope Reeve Jim Harrison,

Cardiff Reeve Malcolm McGillivray and Monmouth Reeve Keith Tallman.

Finance: Dysart Deputy Reeve Harold Bannon, Sherbourne, McClintock and Livingstone Deputy Reeve Dalton MacDonald, and Lutterworth Deputy Reeve Glynne Lewis.

Road Committee: Keith Tallman has been selected as the chairman. Others on the committee include: Jim Harrison (to serve until 1985); Snowdon Reeve Bob Vick (who is taking the place of Warden Murray Fearrey for one year); Malcolm McGillivray (until 1983); and Anson, Hindon and Minden Reeve Lloyd Walker, (replacing former reeve Sinc Nesbitt, until the end of this year).

Hyland Crest Committee of Management: Lutterworth Reeve Ron Gambell was selected as the chairman. Also serving on the committee will be Harold Bannon, Glamorgan Reeve Ken Maguire and Anson, Hindon and Minden Deputy Reeve Doug Pritchard.

Haliburton County Public Library Board: (three members selected from the council) Sherborne, McClintock and Livingstone Reeve Fred Baum, Monmouth Deputy Reeve Carmen Coumbs, and Cardiff Deputy Reeve Mack Peters. (three non-council members selected) Roy Brohm, who was also named chairman of the committee, Sheila McGee and Marilyn Stouffer.

Property Committee: Snowdon Deputy Reeve John

Francis, Mack Peters and Doug Pritchard.

Chamber of Commerce representative: Ron Gambell.

Economic Development Commission representatives: Fred Baum and Stanhope Deputy Reeve Elgin Stouffer.

Children's Aid Society representative: Bicroft Improvement District chairman Meredith Amm.

Children's Services: Glynne Lewis.

Health Unit: Keith

Tallman.

Forest Management Committee: Elgin Stouffer, Bob Vick and Lloyd Walker.

Planning Committee: Meredith Amm, Fred Baum, Murray Fearrey, Ron Gambell, Jim Harrison, Kenneth Maguire, Malcolm McGillivray, Keith Tallman, Bob Vick and Lloyd Walker.

Warden Murray Fearrey, the Reeve of Dysart et al, is an ex officio member of all committees.

Fund deadline set for Jan. 31

A deadline of January 31 has been placed on donations to the special fund for protective vests for constables of the Minden OPP detachment.

While the idea of vests has created a great deal of interest, donations to the fund have been limited. For this reason organizer John Francis has set January 30 as the final day for contributions.

The fund was started by

Francis after the tragic death of a police officer in Muskoka and the serious wounding of a second. The cost of a vest is estimated at around \$300.

Anyone wishing to contribute to the local fund can do so at the Canadian Imperial Bank of Commerce. The account number for the fund, which is being overseen by Francis and Jack Brezina, publisher of this newspaper, is 7510268.

SUPERVISOR STENOGRAPHIC SERVICES

Applications for the above position will be accepted by the Ministry of Natural Resources, Minden, Ontario until 5:00 p.m., 1981.01.23.

Applicants for this position should have previous office experience, supervisory and clerical ability and a typing speed meeting Civil Service Commission standards.

For further information and application form, please contact the Ministry of Natural Resources, Minden District office, Minden, Ontario KOM 2KO. (705) 286-1521.

Ministry of Natural Resources
Hon. James A.C. Auld
Minister
W.T. Foster
Deputy Minister

We see that Highland - Homestead Plumbing have moved to their new building beside the IGA; room there for displays and storage as well as parking. Many people have needed extra taps this winter with the cold zero weather. Community wishes them every success.

The Coming of Winter
by Carise Williams
Winter has come and the trees are now bare,
You feel all her wrath on the cold frosty air,
The bird songs are silent...the flowers are gone,
There's nothing to hear but the wind's plaintive song.

The roses are sleeping...the brooklets are mute,
The birds have flown south in happy pursuit,
The pathways of summer are covered with snow,
Cold winter pursues you wherever you go.

When north winds are blowing and snow fills the air,
There's nothing more cozy or lovely to share,
Than a big roaring fire...some well-chosen friends,
And the warm hearty welcome a fireside extends...

Weekend guests with Mrs. Gladys Wruth were Mary and Doug Kellett of Sutton.

Sincere sympathy goes to the family and friends of the late Harry Barnum who passed away since last week.

David Dufty sent word home to his dad, Cliff Dufty, that he was leaving for his posting with the Armed Forces at Halifax.

All her friends send good wishes to Mrs. Tom Cox who has been in hospital.

At the weekly Mini-Card Party at St. Paul's Parish Hall last Thursday afternoon, winners were for cribbage Lil Porter and Joyce Hewitt and for euchre lone hands Marg McAfee (cut) and others Verna McDonald (cut) and Johann Beattie.

Guests during the weekend with the Mervin Bunkers were Mrs. Vi Jones and a friend from Unionville, and the Harvey Bunkers of Pine Springs.

Beechwood fires are bright

and clear
If the logs are kept a year.
Chestnut's only good they say,
If from log it's laid away.
Birch and fire logs burn too fast,
Blaze up bright and do not last.
Elm wood burns like a churchyard mold.
Even the flames are very cold.
Poplar gives a bitter smoke,
Fills your eyes and makes you choke.
Apple wood will scent your room,
With an incense like perfume.
Oak and Maple, if dried and old,
Keep away the winter cold.
But Ash wood wet and Ash wood dry
A king shall warm his slippers by...

More on the Winter Carnival - There will be a Slalom Race at the Fair Grounds at 1 on Saturday. Sunday there will be races on the oval track at the same location as well as the businessmen's Challenge Snowmobile race. A curling Bonspiel will take place. There will be Bus Service from the Arena at 11 on Saturday to the Car Races at South Lake with return being at 2. Arm Wrestling will also go for both ladies and men. Saturday night is Old Time Hockey with Minden Monarchs against Innismore Skyliners. The "Crow's Nest" will feature Blue Grass North on Saturday afternoon and there will be a Broomball tourney going all day Sunday. Surely with all the events lined up, there should be something for everyone.

Mrs. Clara Francis was pleasantly surprised on Saturday when her whole family gathered at the Harold Coulter's for a birthday party. There were 44 people present and all enjoyed a grand visit and lunch. The community joins in wishing you a very

Happy Birthday on January 22.

A little gaiety, a little sadness,
A lot of goodness, a little badness,
Many a laugh and a few tears
And so we fill in all our years.
A little kindness, a little caution,
A lot of meekness, of hate no portion
A full belief in things Above
And crown it all with a lot of love.

There was a goodly crowd of children and parents at the Firehall on Saturday afternoon for the movies. If you would like others, contact Roseanne Hynard or Judy Phillips. We recall how much we liked the movies on a Saturday afternoon, on Danforth Avenue before we got a Movie Theatre at our town.

One more weekend of football on the T.V. Seems we're watching that every Sunday, but we don't do this all the time, it can't take the place of a good book!

Coming events are few, Public Skating at the Arena Wednesday night from 7 - 8:30 by The Times; also Thursday afternoons by Minden Play from 2 - 3; Public Skating on Sunday afternoon at the Arena 2-4 by The Times; Martha Group of U.C.W. meet at their Church Hall Wed., 28 at 2 and we see the Jewellery Store is open on Thursday, Friday and Saturday for the winter. Also Dollo's I.G.A. and Red & White Foodmaster are closing Thursday nights for a time.

A bit milder today (Monday) perhaps we will now have January thaw, might be nice. We also hear that the OPP Divers were in the icy water again last week. You might check the ice before going on lakes. Take care - cheerio until next time.

Lines from Lutterworth

by Jean Lacey

Hi! We sure are having some nice mild weather. A nice change from all those cold days. Guess this is just our January thaw and we shouldn't get our hopes up that this mild spell will last.

Jeanne Cruickshank, with Michellene, Jim and Sheri were up visiting on the weekend. They are from Shelburne.

Joanne, Jim, Josh and Crystal Oatman, from Shelburne also, were up on the weekend visiting.

Bill, Wendy and Dawn Marie Lacey, from Dunkalk, were up visiting us on the weekend.

Rick and Pam Dunsford were up from Fenelon Falls for a Sunday Visit with Annie, Frank and Lisa Dunsford and the Windovers.

Fred Cole was up from Toronto to do some ice fishing while visiting with the Wrights.

So pleased to hear Arnie Wright is out of hospital and recuperating nicely.

Mr. and Mrs. Ken Bowron and Heather had dinner and spent a lovely Saturday evening with Mr. & Mrs. Harold Thompson of the Lutterworth Estates.

Hint of the Week
If two glasses stick together, don't try to force them apart. Put them in a pan of warm water; then pour cold water into the glass on top. The glasses will slip apart easily. This also works with bowls.

A kind word is never lost. It keeps going on and on, from one person to another, until at last it comes back to you again.

I spent a few days in Lindsay Hospital and wish to thank my dear friends and neighbours for their kind thoughts, beautiful flowers and their concern for my well-being.

KIDS KORNER
Kids, keep an eye out for thin ice when you go skating

Bye for now. Take it easy. God bless till next time.

Kinmount Klippings

by Pat Shorter

Well, it's good to finally see a break in the cold weather. We certainly have earned it.

Results of Galway Euchre are as follows:

Men's high - Jack Shedden.
Men's low - Peanuts Davidson.

Ladies' high - Betty Stuart.
Ladies' low - Brenda Longhurst.

Lone hands - Alma Harper.

Happy Birthday to Brenda Longhurst. Also a belated birthday wish to Ange Franzen of the Kinvale Restaurant.

On Wednesday January 14,

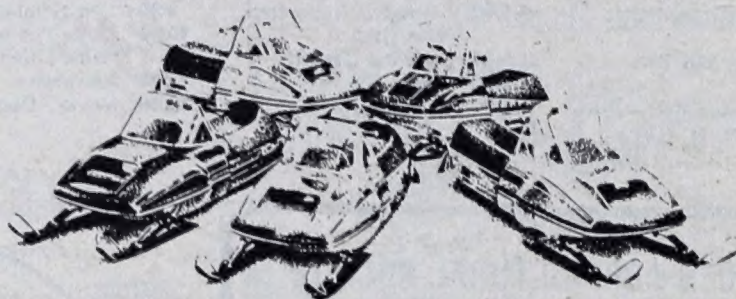

1981 the local ladies had a broomball game at the arena. There was a good turnout and all had a good time. Some are looking forward to next week's game.

We still have a hockey team, but I'm not sure what they are doing. I only hear when they win a big game.

Mary Martin and Norma Hamilton are still taking donations for the penny table for the Annual Kinmount and District Horticultural Society pot luck supper on January 28 at 6:00 p.m.

Bye for now. See you next week.

JOHN DEERE'S GOT IT!

CARD OF THANKS

I would like to take this opportunity to thank everyone for their kind thoughts over the loss of my mother.

Jim Garbutt

That's Life

When you're looking for ways to protect your family, think of permanent life insurance. It's one of the most unselfish things you'll ever buy. You don't buy it just for yourself. You buy it because there are others who need you as much as you need them. That's life.

So when you're looking for life insurance... think of me.
